

Dear Parent/Guardians,

The schools on the Fairplay campus, preschool, ETE, SPMS and SPHS are working on bringing back the Totes for Hope program to our students and families. Totes of Hope® was created in 2006 and is sponsored by the Food Bank of the Rockies. According to Food Bank of the Rockies website, Totes of Hope is available to assist children with nutritious, kid-friendly food to sustain them over the weekend when school is not in session. Every Thursday, children take home a tote filled with 8-9 pounds of nutritious food items to feed them and their families. This is a collaborative effort between Fairplay Schools, South Park Food Bank, Boys and Girls of South Park, and our middle school service learners.

Please let us know if you would like your child/children to participate by filling out the application slip below and returning it to your child's homeroom teacher. Each child in a family who signs up is eligible to receive a Tote. Thank you and we hope you take advantage of this great opportunity for our kids.

YES! I would like my **Edith Teter Elementary** child(ren) to receive a Tote for Hope when they are available. Please fill out one form per school, listing all siblings at the same school on one form. Please fill out a separate form for preschool, SPMS and SPHS.
