End to Teacher Strike - Park County School District and South Park Education Association
Reach Post-Strike Re-entry Agreement

Fairplay, Colorado – On Wednesday, October 23, 2019, the Park County School District RE-2 (“District”) and the South Park Education Association (“SPEA” or “Association”) reached an agreement to conclude the Association’s strike. The post-strike re-entry Memorandum of Understanding (“MOU”) was reached through the assistance of a federal mediator over the course of this week. The MOU was ratified by the Association late Wednesday night. The District’s Board of Education (“Board”) plans to approve the MOU in a special meeting as soon as it can be scheduled.

Teachers and SSPs will return to the classroom tomorrow, October 24, 2019.

Overall, the Board and the Association will continue to endeavor to have positive relations and communications in order to provide the best educational opportunities for the District’s students.
