

Hello Everyone,

We know many of you from last year, but would like to take the opportunity to introduce ourselves to those we have not met yet. We are all providers for the Summit Community Care Clinic who work in your School Based Health Center (SBHC) located right beside the cafeteria. Our SBHC offers integrated healthcare to all students, staff, and their families including medical, dental, and behavioral health services. We serve Edith Teter Elementary, South Park Middle School, and South Park High School, with some services also available to Edith Teter Preschool.

Our medical provider, Stephanie Kuenn, PA-C, offers physicals, immunizations, well child checkups, sick visits, prescription refills and more with the assistance of Erika Chavarria, CA. If your child is 11 or over, they may attend their medical appointment without a parent. They will be issued a visit summary and Stephanie will reach out to follow up with findings and concerns. If you prefer, you are also welcome to join your child for their appointment. Stephanie is available Mondays and Thursdays from 8:00am-5:00pm.

Our dental hygienist, Emily Millner, RDH, offers dental screenings, cleanings, x-rays, fluoride treatments, and sealants. Any child may attend their dental appointment without a parent present, and Emily will reach out with findings and concerns. Emily is available on Wednesdays from 8:00am-4:00pm.

Additionally, Abigail Ferguson, LPC, offers behavioral health services. If you are interested in referring a student for behavioral health counseling, please speak to your school counselor for more information.

For questions about our services offered or to schedule medical and dental appointments, please call 970-977-9624 and speak to our awesome new patient navigator, Amanda Lallande. You are also free to stop by in person if you would prefer.

Wishing you all a wonderful 2019-2020 school year,

Your Park County SBHC Providers and Staff
